

Hello class!

I hope you are all well. Could you do the exercises I gave you?
Now it's time for part 3!

1. Continue learning on www.englisch-hilfen.de
2. Write an email to me in English (of course!) paula.lucas-thorp@profilschuleluenen.de
Tell me
 - how you are
 - what you have been doing in the past weeks and
 - what you think about staying at home and not going to school.

Here's my example (Beispiel) (look up the words you don't understand). You can use the underlined words and phrases for your email.

Hello class!

How are you? I'm really well.

In the weeks at home I did home office and a lot of gardening. The weather was sunny and warm, so I relaxed a lot in my garden, too.

Now I'm back at school teaching year 10. I think it's good that these pupils can learn for their tests. But I also think that it's dangerous if all the children came back to school.

I hope all the pupils are doing their homework and that the Corona crisis will be over soon.

I look forward to seeing you all again. (Ich freue mich darauf euch alle wieder zu sehen.)

Take care and stay safe.

Mrs. Lucas-Thorp
